

# MATERIAL SAFETY DATA SHEET

MSDS No: DTC -001

Date: 03/24/2012

---

## 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: **Sodium Dimethyl Dithiocarbamate**

MOLECULAR FORMULA:  $(\text{CH}_3)_2\text{NCSSNa}$

MOLECULAR WGT: 143.16

ZHUZHOU FUTURE CHEMICAL INDUSTRIAL CO., LTD

Yangmeitang Rd, Qingshuitang, Zhuzhou, Hunan, China

---

## COMPOSITION/INFORMATION ON INGREDIENTS

COMPONENT	CAS. NO.	%
Sodium dimethyl Dithiocarbamate Dihydrate	128-04-1	≥ 40%

No Permissible Exposure Limits (PEL/TLV) have been established by OSHA or ACGIH.

---

## 3. HAZARDS IDENTIFICATION

### EMERGENCY OVERVIEW

#### APPEARANCE AND ODOR:

Light yellow liquid with slight ammonia odor.

#### STATEMENTS OF HAZARD:

CAUTION! MAY CAUSE EYE AND SKIN IRRITATION

### POTENTIAL HEALTH EFFECTS

#### EFFECTS OF OVEREXPOSURE:

The estimated acute oral (rat) LD50 is >1000 mg/kg.

Direct contact with this material may cause mild eye and skin irritation.

Contact with acid may cause liberation of hydrogen sulfide. Hydrogen sulfide has a strong rotten-egg odor, however, some people are unable to smell the gas and exposure will deaden the sense of smell. Therefore, odor is an unreliable indicator of exposure.

Overexposure to hydrogen sulfide gas may cause severe eye or respiratory tract irritation, rapid development of coma and respiratory failure. Low levels of hydrogen sulfide may cause headache, dizziness, staggering gait, neurological damage and gastritis.

---

## 4. FIRST AID MEASURES

#### Ingestion:

If swallowed, call a physician immediately. Only induce vomiting at the instruction of a physician. Never give anything by mouth to an unconscious person.

#### Skin Contact:

Wash immediately with plenty of water and soap.

#### Eye Contact:

Rinse immediately with plenty of water for at least 15 minutes.

**Inhalation:**

Remove to fresh air. If breathing is difficult, give oxygen. Obtain medical advice if there are persistent symptoms.

---

**5. FIRE FIGHTING MEASURES****Suitable Extinguishing Media:**

Use water, carbon dioxide or dry chemical to extinguish fires.

**Protective Equipment:**

Wear self-contained, positive pressure breathing apparatus and full firefighting protective clothing for fire situations only. See MSDS Section 8 (Exposure Controls/Personal Protection).

**Special Hazards:**

Sulfur dioxide may be formed under fire conditions. Do not flush to sewer which may contain acid. This could result in generation of toxic and explosive hydrogen sulfide gas.

**Mechanical/Static Sensitivity Statements:**

None

---

**6. ACCIDENTAL RELEASE MEASURES****Personal precautions:**

Where exposure level is known, wear approved respirator suitable for level of exposure. Where exposure level is not known, wear approved, positive pressure, self-contained respirator. In addition to the protective clothing/equipment in Section 8 (Exposure Controls/Personal Protection), wear impermeable boots.

**Methods For Cleaning Up:**

Cover spills with some inert absorbent material; sweep up and place in a waste disposal container. Flush spill area with water.

---

**7. HANDLING AND STORAGE****HANDLING**

**Precautionary Measures:** Avoid contact with eyes, skin and clothing. Wash thoroughly after handling.

**Special Handling Statements:** This product should not be mixed with acids since evolution of toxic and explosive hydrogen sulfide gas could result. This precaution does not, of course, apply to addition of this reagent to flotation pulps in amounts customarily used in flotation.

**STORAGE**

None

**Storage Temperature:** Room temperature

**Reason:** Integrity.

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Engineering Measures:**

Where this material is not used in a closed system, good enclosure and local exhaust ventilation should be provided to control exposure.

**Respiratory Protection:**

For operations where inhalation exposure can occur, use an approved respirator recommended by an industrial hygienist after an evaluation of the operation. Where inhalation exposure can not occur, no respiratory protection is required. A full facepiece respirator also provides eye and face protection.

**Eye Protection:**

Wear eye/face protection such as chemical splash proof goggles or face shield. Eyewash equipment and safety shower should be provided in areas of potential exposure.

**Skin Protection:**

Avoid skin contact. Wear impermeable gloves and suitable protective clothing.

**Additional Advice:**

Food, beverages, and tobacco products should not be carried, stored, or consumed where this material is in use. Before eating, drinking, or smoking, wash face and hands thoroughly with soap and water.

---

**9. PHYSICAL AND CHEMICAL PROPERTIES**

Color:	Light yellow
Appearance:	Liquid
Odor:	Slight ammonia order
Boiling Point:	Not applicable
Melting Point:	>-5 °C
Vapor Pressure:	Not available
Specific Gravity/Density:	1.17~1.18 @ 20 °C
Vapor Density:	Not available
Percent Volatile (% by wt.):	Not available
pH:	Not applicable
Saturation In Air (% By Vol.):	Not available
Evaporation Rate:	Negligible
Solubility In Water:	illimitably soluble
Volatile Organic Content:	Not available
Flash Point:	Not applicable
Flammable Limits (% By Vol):	Not available
Auto ignition Temperature:	Not available
Decomposition Temperature:	Not available
Partition coefficient (n-octanol/water):	Not available

**10. STABILITY AND REACTIVITY**

---

<b>Stability:</b>	Stable
<b>Conditions To Avoid:</b>	None known

**Polymerization:** Will not occur

**Conditions To Avoid:** None known

**Materials To Avoid:** Strong oxidizing agents and acids.

**Hazardous Decomposition**

Oxides of carbon

**Products:** Oxide of nitrogen  
Oxides of sulfur (include sulfur di and tri oxides)

---

**11. TOXICOLOGICAL INFORMATION**

Toxicological information for the product is found under Section 3. HAZARDS IDENTIFICATION.

Toxicological information on the OSHA regulated components of this product is as follows: This

product contains no OSHA regulated (hazardous) components.

---

**12. ECOLOGICAL INFORMATION**

This material is not classified as dangerous for the environment.

The ecological assessment for this material is based on an evaluation of its components.

---

**13. DISPOSAL CONSIDERATIONS**

Future Chemical encourages the recycle, recovery and reuse of materials, where permitted, as

an alternate to disposal as a waste. Future Chemical recommends that organic materials classified

as hazardous waste according to the relevant local or national regulations be disposed of by thermal

treatment or incineration at approved facilities. All local and national regulations should be followed.

---

**14. TRANSPORT INFORMATION**

This section provides basic shipping classification information. Refer to appropriate transportation regulations for specific requirements.

**US DOT**

Proper Shipping Name: Not applicable/Not regulated

Hazardous Substances: Not applicable

**TRANSPORT CANADA**

Proper Shipping Name: Not applicable/Not regulated

**ICAO / IATA**

Proper Shipping Name: Not applicable/Not regulated

Packing Instructions/Maximum Net Quantity Per Package:

Passenger Aircraft: -

Cargo Aircraft: -

**IMO**

Proper Shipping Name: Not applicable/Not regulated

---

**15. REGULATORY INFORMATION  
INVENTORY INFORMATION**

**Australia:** All components of this product are included in the Australian Inventory of Chemical Substances (AICS).

**European Union (EU):** All components of this product are included in the European Inventory of Existing Chemical Substances (EINECS) in compliance with Council Directive 67/548/EEC and its amendments.

**United States (USA):** All components of this product are included on the TSCA Inventory in compliance with the Toxic Substances Control Act, 15 U. S. C. 2601 et. Seq

**Canada:** Components of this product have been reported to Environment Canada in accordance with Sections 66 and/or 81 of the Canadian Environmental Protection Act (1999), and are included on the Domestic Substances List.

**China:** All components of this product are included on the Chinese inventory or are not required to be listed on the Chinese inventory.

**Japan:** All components of this product are included on the Japanese (ENCS) inventory or are not required to be listed on the Japanese inventory.

**Korea:** All components of this product are included on the Korean (ECL) inventory or are not required to be listed on the Korean inventory.

**Philippines:** All components of this product are included on the Philippine (PICCS) inventory or are not required to be listed on the Philippine inventory.

---

**16. OTHER INFORMATION**

**Reasons for Issue:** New Format
